

## Luggage

So that we can take care of your luggage, place your bags outside your cabin **before 9.00pm the night before disembarkation** and any remaining pieces before going to bed.

Remember to place all your medication, valuables and fragile items in your hand luggage.

## Setting your account

A copy of your statement will be delivered to your cabin the night before Southampton.

All charges will be applied to your registered credit/debit card; there is nothing else you need to do.

You can still spend on your card but any charges after 2.00am will appear as a separate entry on your credit/debit card statement.

If you're paying by cash, your account should be settled by 10.00pm the evening before disembarking.

If you have a credit/debit card registered and have also placed cash onto your on board account, you must collect any credit balance owed to you before 10.00pm the evening before disembarking or after 6.00am Southampton morning.

**Please note:** If you previously registered a credit/debit card on your account, then choose to pay the balance off in cash, your card provider may retain any pre-authorizations for up to 28 days before any funds are released from your account. Regrettably, this is outside the control of P&O Cruises.
