Going on a Shore Experience?

Guests on tours today are kindly requested to make their own way ashore using the gangways, located as advised in the arrival broadcast, and meet in the coach dispatch area located on the ground floor of the terminal building **10 minutes** before the departure time of your tour. Please allow 5 minutes to walk through terminal. There will be staff in place at the bottom of the escalators for any directional queries.

Local guides will be present in the dispatch area to collect your shore excursion ticket and will issue you with a sticker for your tour group. Please carry your tour ticket in your hand, one per person. Signage indicating the name of the tour will be displayed on the coach windscreen, please check this prior to boarding to ensure you go on the correct tour.

Please do not come ashore too early as there is limited parking area for the buses and these will not be in position ahead of time. There will be a high number of guests in the terminal and it might become very busy. If you are travelling with friends and family, please meet up before proceeding to the meeting location to avoid being separate.

Shipboard Information

Passport Ashore

Do I need my passport ashore today? YES.

COVID Restrictions Whilst In Amsterdam.

All fully vaccinated guests can go ashore independently today without the need for a Covid test. Please ensure that you take your NHS Vaccine Certificate with you.

Masks must be worn when using any method of transport or transport terminals including the cruise terminal, inside commercial buildings and medical centres. Masks should also be worn when social distancing cannot be maintained.

Masks are required for embarkation and disembarkation and should also be worn when social distancing cannot be maintained.

Ship's Security Notice

In order to prevent unauthorised persons boarding Ventura, you are required to carry your 'Cruise Card' with you when going ashore. You will be asked to produce this at the gangway when you leave and return to Ventura. It may be prudent that you also have government issued photo ID with you as you may be required to show this at security checkpoints upon your return. Be aware that we have established a secure area around Ventura and our security procedures require that you must be prepared to show your cruise card when entering this area, in addition to showing it to the security staff at the gangway when leaving or boarding Ventura. We kindly ask you not to accept or bring on board any parcels or packages from strangers. Before boarding Ventura, you may also be asked by our security staff to open parcels or handbags that you are carrying. We are sure that you will appreciate that these security measures are in the best interest of all concerned.

Toilet Blockages

Ventura's toilet system operates under vacuum extraction using a series of very narrow pipes, and human waste and toilet paper are the only things that can be flushed down the toilets. Items such as wet wipes, facial tissues, hand towels, cotton wool, or sanitary items cannot be disposed of via the toilets, as this will cause blockages within the system that will affect public toilets and large numbers of cabins.

Southampton Disembarkation.

You will receive disembarkation arrangements to your cabin with an allocated time and venue. We regret to inform you that we are unable to make changes to the times and request you to follow the time allocated to you.

Crew Drills

At 10.00am this morning, alarms will be sounded and broadcasts made as the crew are exercised in their Emergency Duties. During this exercise, limited guest services will be provided. You are advised that part of the exercise involves checking guest staterooms to ensure that they have been evacuated. If you will be on board during the drill and prefer not to be disturbed, please display the "I'm resting" notice prior to the start of the drill. Guests remaining on board are strongly encouraged to broaden their knowledge of maritime safety by watching the safety program which is available through the interactive television service.

Noise Restrictions in Amsterdam

Due to our berth proximity to residences in Amsterdam, we are not able to offer any music or make announcements on the open deck spaces of the ship. We ask that you please keep this in mind as well.

Windmills and Edam

Explore the Dutch countryside, shop for souvenirs and learn about one of Holland's most delicious exports, gourmet cheese.

Book your shore experience via My Holiday or in person at the Explorers Desk.
